Broward Sheriff's Office

SKIMMING: DON'T BE A VICTIM!

Use **cash!**

If you must use a card, use a **credit card** instead of bank card.

Pay **inside.**

If you must pay outside, use pumps **closest to the cashiers.** Scammers are less likely to sneak a device into a machine if they're in the view of employees.

Most gas stations place **security tape** on the door of the pump. Make sure it hasn't been tampered with.

Always print a **receipt.** You'll need the receipt to file a claim if your identity is stolen.
